

# Alex Kerrigan

**Q) What years were you at Titus Salt?**

2004-2011.

**Q) What are you doing now?**

I'm an Apprentice Body CAD Engineer at Jaguar Land Rover, based in Warwickshire.

**Q) Did you do any Further/Higher Education courses?**

After Sixth Form, I went to Loughborough University and then I was offered a place on an apprenticeship scheme.

**Q) Did you have a favourite teacher? If so who, and why?**

Mr Collis, purely because he says it as it is, and he likes Land Rovers!

**Q) Any advice for our current students?**

First, never give up on your dreams. Second, everything happens for a reason. Third, if you find yourself thinking 'when am I ever going to need this', one day you might, so listen and learn!

**Summer 2016**
