### **Q) What years were you at Titus Salt?**

1999-2006.

### **Q) What are you doing now?**

I work as a vet in a small animal practice. My days are split between consultations and operations on animals ranging from dogs, cats and rabbits to more exotic species such as bearded dragons, geckos and tortoises.

### **Q) Did you do any Further/Higher Education/Apprenticeship courses?**

I studied veterinary medicine and surgery for five years at the University of Glasgow and graduated in 2011 with honours.

### **Q) Any advice for our current students?**

Anything is possible if you are prepared to work hard enough.

**Summer 2016**
